

About Us

At Dream Center Education Holdings, LLC (www.dcedh.org), our non-profit schools, which include Argosy University, South University and The Art Institutes system of schools*, are dedicated to providing students an accessible, affordable, relevant, and purposeful education that prepares them to make an impact in their own lives and the lives of those around them.

For more than 100 years, our schools have been preparing graduates for success, whether they are looking to land that all-important first job out of college or, for working professionals, to help them broaden their career possibilities in a field they love. We provide flexible curriculum and scheduling, smaller classes with hands-on instruction, abundant personal attention and, most importantly, a practical education.
